Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: It was agreed that the original rejection under 35 USC 112, first paragraph cited in the action of 01/08/2009 had been overcome by adding original claim language to the specification. Concerning the concentration ranges, Mr Armstrong pointed to page 12 for the broad range of 10-70%. The species of 40% comes from Table II. Since Table II refers to this species as a fiber, the claim language setting out particles will be deleted.
